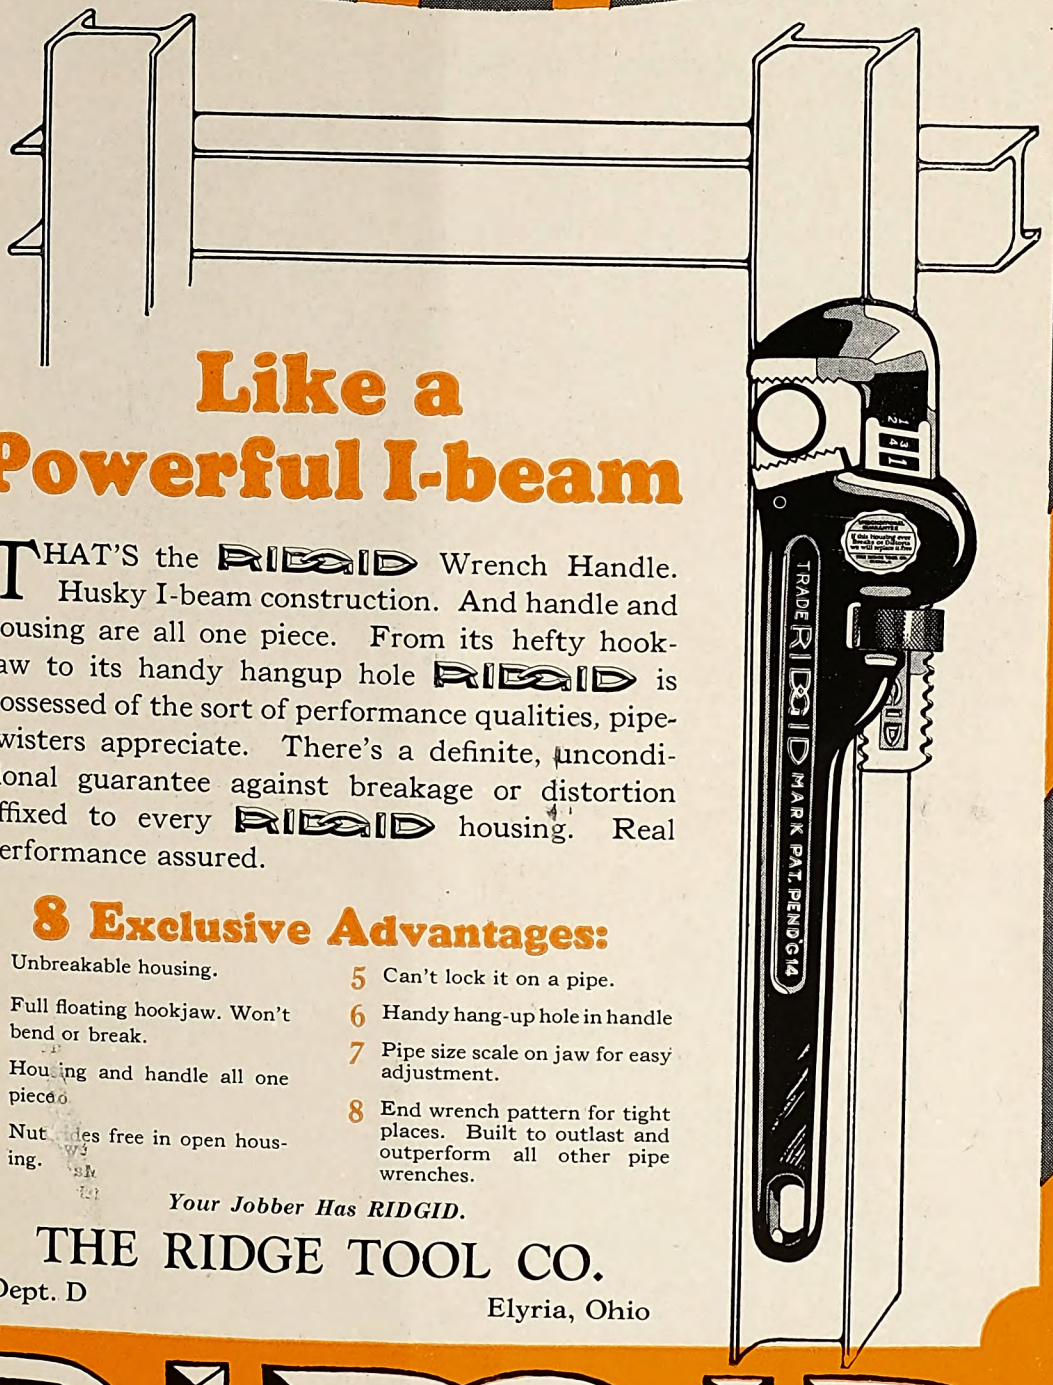
RIDGID



Like a Powerful I-beam

THAT'S the RIDGID Wrench Handle. Husky I-beam construction. And handle and housing are all one piece. From its hefty hook-jaw to its handy hangup hole RIDGID is possessed of the sort of performance qualities, pipe-twisters appreciate. There's a definite, unconditional guarantee against breakage or distortion affixed to every RIDGID housing. Real performance assured.

8 Exclusive Advantages:

1 Unbreakable housing.

2 Full floating hookjaw. Won't bend or break.

3 Housing and handle all one piece.

4 Nut rides free in open housing.

5 Can't lock it on a pipe.

6 Handy hang-up hole in handle

7 Pipe size scale on jaw for easy adjustment.

8 End wrench pattern for tight places. Built to outlast and outperform all other pipe wrenches.
